

## PD Place™ Professional Development Software

- More than 90% of employee groups access PD Place to register for training and professional development activities.
- Online registration significantly saves on paper and printing costs.
- Time-related costs incurred by HR and administrative personnel are dramatically reduced.
- More than 85% of users believe PD Place has increased their school district's efficiencies.

Results from report based on PD Place users, performed by an independent training and development consultant

**The cornerstone of every school district's mission is to improve student performance. With PD Place, staff and educators can focus their professional development activities on this goal and track the entire PD process in one convenient, online application.**

Featuring more than 300 customizable preferences, PD Place is a powerful software solution that offers you a comprehensive set of modules to streamline your PD administration, saving your district valuable time and money.

### Using PD Place:

- Educators are empowered to take an active role in their own development and get engaged in their professional and personal growth.
- HR personnel save administrative time with the software's online registrations, automatic email confirmations and event reminders.
- Finance managers can measure where and when dollars are being spent on professional development activities and instantly produce reports on expenditures.
