

PD PLACE

professional development management

Testimonials From Ontario Educators About PD Place

“PD Place has made life a lot easier for me. I no longer need to remind staff of deadlines, collect, check and submit registration forms to central office and follow later to ensure that staff members are registered and in the sessions they hoped to attend.”

Mary Vengeer, School Secretary
St Mary's Choir & Orchestra School

“I have found that your staff is one of the best I have worked with. Always helpful, knowledgeable and able to resolve issues I may have. Your staff has modified the system to meet our growing needs. CoreSolutions has made PD Place a great success!”

Bruce Smith
Manager of IT Services, Grand Erie District School Board
Brantford, ON

“I want you to know that on-line registration has changed my whole attitude toward professional development. I am in the information loop right now. I know what is going on, I know when it is happening, and I know which professional development session will enable me to further develop my skills.”

Mary Fran Boom, Teacher
St. Marks School

“We use PD Place for all professional development training. If we offer training at any level, the registration takes place on-line. PD Place has reduced paper work by 80% and has saved us several thousands of dollars. Consultants have also reduced their work load because all of the information is accessible on-line and phone calls requesting information are greatly reduced.”

Rodger Dixie (retired)
IT Manager, Limestone District School Board
Kingston, ON

“I have managed numerous implementations over the past 25 years, and PD Place was by far the easiest and smoothest I have ever experienced. The CoreSolutions staff was able to easily migrate our data over, saving us months worth of grief and hard work required in other migrations. I wish all implementations were like this one.”

Frank Mastronardi
Supervisor of System Applications & Corporate Services, Lambton Kent District School Board
Sarnia, ON
